Herbal Tincture Kits

Prices effective November 1, 2021

# Why do so many people enjoy using our tincture kits?

## SIMPLE

Everything you need is in one handy package, except the liquids and some fresh ingredients. The herbs are pre-measured and come with easy to follow instructions. They really are quick and easy!

## CUSTOMIZATION

Make your tinctures just how you like them. You can choose a glycerin or alcohol base and add a favorite herb for your own special touch!

## FRESH

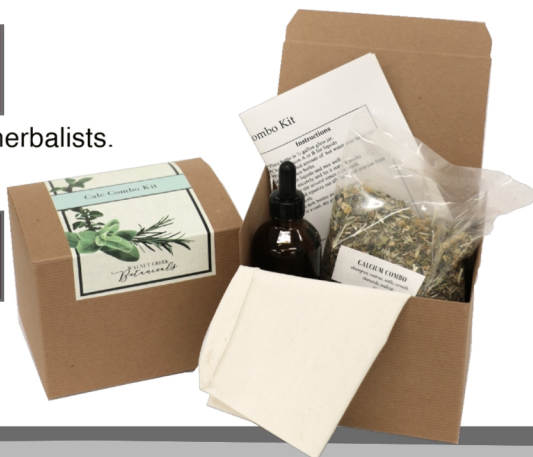

Herbs lose their potency with time. Our kits have the exact amount of herb needed...No left-overs to get old!

## EFFECTIVE

Our recipes come from well-respected herbalists. They are proven and effective.

## ECONOMICAL

Making your own tinctures with our kits is usually about one fourth the price of buying commercially prepared ones.

# Books by Rachel Weaver

Rachel Weaver was a mother of 9 children, midwife and Master Herbalist who practiced natural herbal care for over 30 years. She offers many simple remedies with common herbs and household ingredients. Her popular books cover a myriad of common health concerns and help you take responsibility for your family's health.

**Backyard Pharmacy** 256 pages **\$23.00**

A guide for you to harvest free "medicine" in your backyard. Pictures for identification, lists of benefits, and recipes for many common herbs.

**Be Your Child's Pediatrician** 256 pages **\$23.00**

A companion book to "Be Your Own Doctor". Focuses on ailments, rashes, and other concerns that are common with children.

**Be Your Own Doctor** 336 pages **\$23.00**

If you only get one of her books, it should be this one. Covers a lot of basic health problems and common herbs and their uses.

**Be Your Own Doctor II** 272 pages **\$23.00**

An overflow of topics not covered in her first book. Covers more complex issues like diabetes, hypertension, osteoporosis, depression, cancer, Alzheimers, and more.
